Year 3 vocabulary list				
Plants	Animals including humans	Rocks	Light	Forces and magnets
identify	nutrition	rocks	light	movement
describe	food	soil	see	surfaces
function	eat/eating	grouping	dark	contact
roots	skeletons	sorting	vision	magnets
stem/trunk	muscles	classifying	reflection	forces
leaf/leaves	support	properties	surfaces	distance
flower/s	protection	fossils	reflective surface	attract
requirements	support	organic matter	sun/sun power	repel
growth/survival	movement	igneous	danger	materials
air	skull	metamorphic	protect/protection	magnetic
light	jaw	sedimentary	eyes	non-magnetic
water/water	ribs/ribcage	grains	skin	metal
transportation	ulna	crystals	shade	non-metallic
nutrients	radius	living	midday	magnetic materials
food	tibia	dead	shadows	compare
energy	fibia	granite	light source	group
room to grow	contract	chalk	blocked	sort
temperature	relax	sandstone	solid	classify
environment	bend	limestone	patterns in shadows	poles
life cycle	twist	quartz	time of day	facing and opposite poles
flowering plant	pull	pebble	lengths	
pollination	push	clay	longer/shorter	
seed formation	exercise	sand	night/day	
seed dispersal	running	loam	mirror	
	walking	acidic	distance from light source	
	food groups	alkaline		
	fats			
	sugars			
	proteins			
	carbohydrates			
	vitamins			
	minerals
