

### Verse 1

### OUR GLADE FINALE

It's our leavers assembly today,

With year 6 finishing, hooray!

It's our final day of learning

And our minds have grown a lot

Now Primary School is over, secondary's our next stop.

### Chorus

It's our leavers assembly today

Now we're ready to leave Glade

We've had fun, too! Learning along with you

In a school like no other, our Glade.

### Verse two

It's our leavers' assembly today

With Year 6 all gathered on stage

Now we're all leaving for high school

With a bunch of memories

Now we can leave and carry on and follow all our dreams

Chorus: It's our leavers assembly today

Now we're ready to leave Glade

We've had fun, too! Learning along with you

In a school like no other, our Glade.

### Verse three

It's our leaver's assembly today

With Year 6 all gathered on stage

There's been lots of fun and learning

And we've loved doing it all

Though we are sad to say that we're finally leaving school

It's our leavers assembly today

Now we're ready to leave Glade

We've had fun, too! Learning along with you

In a school like no other, our Glade.

**Verse four**

It's our final assembly today

Now the Year 5s will take our place

We have passed all of our hard tests

And achieved well in our SATs

Thank you to our teachers who've helped us lots and lots

Now it's our last day here at Glade

We have enjoyed our stay

We've had fun, too! Learning along with you

In a school like no other,

Our time was filled with laughter

To Glade, we say our final Hooray!

Thank you for helping, Hooray!
