Good attendance and punctuality is vital to learning

Regular school attendance brings enormous benefits to individual pupils, their families, schools and the community as a whole. Without regular attendance, levels of attainment suffer and opportunities are missed to obtain maximum benefit from education. It also helps socially.

Persistent absence and lateness will affect a child's achievement and progress in school. Comprehensive research shows that there is a direct link between a child's level of school attendance and their level of school attainment.

As a parent it is your legal responsibility to ensure your child receives a suitable full time education. It is your responsibility that your child attends school each day and is on time.

It is important to set the expectation of good attendance right from the beginning of school so children grow up with 'good habits'

Attendance

- Here at Glade, we take any reports of bullying (including Online), very seriously.
- We hold regular anti-bullying assemblies and workshops with all year groups to raise awareness of this important issue.
- Pupils are aware that they can talk to any member of staff if they are being bullied or witness any bullying or can use one of the 'Bubble boxes.'
- Children also complete a half termly anti-bullying questionnaire.
